### Recommended Plant Spectrum Schedule For One Lamp Systems

For best results in non spinning systems, we recommend using multiple spectrums

SEEDLING / CUTTING

MAJORITY OF VEG

LAST WEEK OF VEG

MOST OF FLOWERING

FINAL WEEK

### Suggested Plant Spectrum For One Lamp Systems

For single lamp, single spectrum systems, we suggest using 3K spectrum

FROM START TO FINISH

### Suggested Spectrum For Retail / Commercial

For retail & commercial applications, we suggest using 4K spectrum

RETAIL / COMMERCIAL
